I-RIM 3D

SPONSORSHIP BROCHURE

OCTOBER 18-20, 2019 FIERA DI ROMA

The events offered by **I-RIM 3D** include:

- The **first Italian Robotics and Intelligent Machines Conference**
- Expo: **From Projects to Products**
- When Research met Innovation, a match-making event between high-tech demand and supply
- an **Orchestra Rehearsal** to harmonize public and private instruments for technology transfer
- Robotics for Everyone a wide dissemination event to communicate the most advanced and surprising research results, on stage and on screen
- Meetings on **Learning and Teaching the Digital World**
- RoboTinder , "dating site" for young professionals and job opportunities
- The first **Plenary Assembly** of the National Institute of Robotics and Intelligent Machines.

I-RIM 3D: The Robotics and Intelligent Machines 3-Day

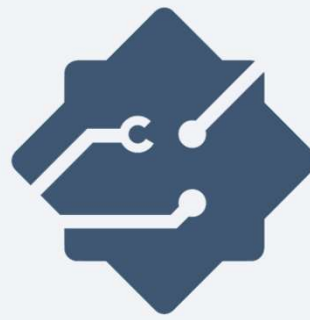

To launch the activities of the new Institute, I-RIM 3D will be held in Rome from 18 to 20 October 2019. I-RIM 3D is a three-day multi-dimensional event that brings together the whole community of those doing research and innovation in the field of Robotics and Intelligent Machines in Italy and worldwide.

We are organizing events and planning the I-RIM 3D budget. Being the sponsor of our events will offer you the opportunity to support the first Italian event that brings together the whole community of those doing research and innovation in the field of Robotics and Intelligent Machines.
